Choir

Join us for the annual **Concert of Choirs** on October 3rd at 7 pm @ BBHHS Auditorium !

Art: Ms. Henderson's art classes are starting their ceramic clay units. 6th graders will be making clay owls. 7th graders will be using their imagination to create monsters. And 8th graders will be inventing dragons with clay.

Innovation & Design (8th grade STEM elective) & **STEM7** (Specials7) class photos on Instagram: @Mrs.Roderick

All students *currently* in 5th, 6th & 7th grade (& parents if they want to join) are invited on an incredible trip to **Greece in Summer 2026!**

We're excited to tell you more about the trip we're planning with EF Tours, our educational travel partner. Please be sure to register for this **informational session** to be considered for this opportunity:

<https://bit.ly/4gcxLJW>

The meeting is **Tuesday September 24th at 6:30PM in the BBHMS media center!** Click on the link to get more information if you cannot make the meeting!

** When students travel, they expand their knowledge of the world around them, discover more about

themselves, and grow more confident. These skills are critical for creating the global citizens of tomorrow, and we would love to have your student join us on this adventure.

In this info session, we'll talk about:

How this opportunity will benefit your student

What we'll see and do on our trip

Everything that's included in this experience

How your child can earn academic credit

How we're keeping this safe and affordable

How to enroll on this trip (before it fills up!) during EF's risk-free enrollment period

There are limited spots on this trip, so we would love to have you attend this meeting to learn more

about this exciting opportunity!

Thanks,

Cathy Roderick

=====

Attendance/planned absence:

Please make sure if you are calling off a student doc/illness that you call by 8:00 am.

Please have your student pick up a planned absence for any kind of extended leave. It must be signed by teachers and administration prior to taking off.

Science Department: [Refreshed Greenhouse & Outdoor Classroom Space](#)

We are excited to share that our BBHMS students will enjoy a newly-renovated and up-graded outdoor classroom space this school year! This open-air space is not only an extension of our science classrooms, but an asset to student learning building-wide, giving everyone an opportunity to interact with nature during class period learning.

This summer our grant-funded greenhouse had all of its polycarbonate panels replaced under warranty, the new panels should last for another 10 years of student use. Also, we were ecstatic to add two Vego raised garden beds, both generously donated by Vego, through the [Vego Garden Gives Back Program](#).
