Really good start to the year. One school fundraiser to help with clubs and rewards for kids, BeeBucks Store and future DC scholarship funds. Not giving up on DC trip. January is unlikely but hoping next year. Peterson Nut Sale. Sept. 28<sup>th</sup> until October 23<sup>rd</sup>. Pick up date week of November 16<sup>th</sup>. Want to keep relationship with peanut company working with them for years. We get 50%. Some of the money can go to carry over fund for the year and auditorium fund that were depleted.

Pay Schools up and running. Link on website. If you have to pay a fee for anything you would use this. Any questions ask Sherrie so she can help you. Chromebook fees, lunch money, pay to play all go through this except for fundraiser.

OLA kids, going very well. A lot of the core teachers being worked in with just them in the classroom. Teachers designated certain periods throughout the day to work with just them. Electives are coming in second quarter. You can opt into music, band or orchestra if you didn't get to take this because OLA. This would be your one elective you can get for first semester. Mr. Hanna Band, Mrs. O'Neill Orchestra. 7<sup>th</sup> graders have health and that counts as your elective while you are an OLA. You do not have to take an elective with 4 core classes. If they are looking to get into another elective they will have options, art, computer, STEM, hoping for several options. It will be asynchronous and kids can work at their own pace. Trying to cover grades 6-8 is difficult due to different elective lesson for each grade so trying to do all grades for one elective. 5<sup>th</sup> graders are on a wheel so they will take these kids and incorporate them as a hybrid during the 5<sup>th</sup> week for electives. Will have two or three of them. A lot of kids in grade 6-8 but 5<sup>th</sup> grade has a smaller class so it's easier for them to do. Hoping to give 5<sup>th</sup> grade at least one or two options. They can work at their own pace and get it completed by January 10<sup>th</sup>.

No idea on how January will look like yet. Looking at numbers and other schools in the area as well as a global outlook. Numbers staying the same or increasing will play a factor. A lot of schools in Cuyahoga County are slowly moving back to hybrid. Unknown after Thanksgiving. Will we be staying with hybrid or all online still? Thinking process being cold and flu season it can get worse. If numbers stay as good

as they are now they may just stick with hybrid. This is just Mr. Rings opinion. Thankfully no positive cases with kids or teachers at MS since opening.

Wednesdays schedule moving forward: yesterday was diagnostic day. Didn't want to take time away from days kids are in school to take tests. Usually done in two days when in the building but doing it on Wednesday worked out well. Not a graded assignment. Not looking to see how smart they are. Just a baseline test to see where kids are at for math, ELA. Will do another one sometime in December and spring to see where their growth is at. Overall biggest concern is that kids online are showing up late to classes. If anyone isn't getting constant contact or emails from teachers please contact MS so they can update records accordingly to make sure you receive the communications. Look at google stream for your class zooms. A lot of situations where kids are late. Sign in five to ten minutes before each class period. If you are hybrid a lot of them are late and signing in ten to fifteen minutes late. Kids will not get into class. They will be marked absent. You will get notified child hasn't signed in. Put the period schedule next to your computer. Refer to daily schedule as if in class and log in to watch the lesson. Again, teacher will get up and move around to teach the lesson so be sure you are on time or you will not get in. Attendance is in first period. OLA kids sign in between 8:45-8:50 to check in if you do not have a 1<sup>st</sup> period. 8<sup>th</sup> Mrs. Lake, 7<sup>th</sup> Mrs. Feldner, 6<sup>th</sup> Mr. Lapsansky. 5<sup>th</sup> graders all have a 1<sup>st</sup> period class. You will get an email reminding you to make sure you check in at this time. Everyone else sign in at 8:10 so teacher can start lesson and take attendance. Wednesdays will be a two hour delay. You will not be online the entire day on Wednesdays. Only for about 10 minutes and then do work for the rest of the period to get your work done. **Will start at 9:30 and done by 3.** Some days will have a video social emotional learning. It will be in constant contact. **STARTS NEXT WEDNESDAY.**

Arrival and dismissal going well. Front lot only for parking. Encouraged to make sure child is ready to go when you pull in to keep line going fast. Do not get to school at 2:30 to pick up because it is blocking the HS from leaving. Please do not show up until 2:50. That will give you plenty of time to find a spot along the side. Pull up to the car in front of you. Leave by board drive. It is one way. You can use Board for entering if Mill Rd. backed up. Please be sure to move up as cars leave to keep the line clear. Overall going well just minor tweaks.

If hybrid you can have early dismissal and late arrival. **Only works if you have a someone driving you to and from school and you are not allowed to walk home.** Still have to check in and check out at main office.

Final forms only pulls the first contact as primary for receiving communications (email). Teachers for each grade level collecting emails first few weeks of school. Mr. Rings will look to see if we could get multiple emails to receive info.

Thanks to Esberg family for donating signs for school entrance during construction.
